FOR IMMEDIATE RELEASE

SRS Announces Surescripts® e-Prescribing Certification for PKonRx

Caro, MI (May 27, 2009) – SRS Pharmacy Systems today announced that its PKonRx Pharmacy Management software has passed all requirements and has been certified by Surescripts to process e-prescriptions on the Surescripts® network, the nation's largest network provider of electronic prescribing services.

Connected to the Surescripts network, pharmacies will have bi-directional electronic communication, enabling SRS customers to electronically receive new prescription requests directly into PKonRx as well as send prescription renewal requests to e-prescribing enabled physicians.

About Surescripts

Surescripts operates the country's largest electronic prescribing network. Available during emergencies or routine care, the Surescripts network is used every day by thousands of prescribers across all 50 states to electronically access prescription information and route prescriptions.

Surescripts is the result of a 2008 merger between the country's two leading health information networks: RxHub and Surescripts. RxHub was founded in 2001 by the nation's three largest PBMs – CVS Caremark Corporation, Express Scripts, Inc. and Medco Health Solutions, Inc. Surescripts was also formed in 2001 by the National Association of Chain Drug Stores (NACDS) and the National Community Pharmacists Association (NCPA).

Surescripts maintains two offices, one in St. Paul, MN and one in Alexandria, VA.

About SRS Pharmacy Systems

An integrated Pharmacy Management software and systems provider servicing customers throughout the United States, SRS develops solutions that encompass the needs of retail pharmacy. Key modules include e-prescribing, POS w/IIAS, electronic signature capture, HIPAA, IVR, internet refills, EDI inventory, Visa/MC/debit/credit card processing, MARs, A/R, and thermal/laser printing. Services include web security, off-site backup, EFT payroll, health insurance, facility insurance and retirement benefits. SRS internally develops, supports and services all hardware, systems and software, allowing pharmacies to focus on their primary business while SRS manages their IT functions. SRS customers have just one phone number to call for their pharmacy, business, and IT needs. One System, One Vendor, One Call.
