FOR IMMEDIATE RELEASE

SRS Releases Color MAR Printing Feature for NH/LTC Pharmacies

Caro, MI (November 24, 2009) - Pharmacies looking to impress nursing home, assisted living or long-term care customers need look no further than SRS' new color MAR feature. With an eye on clarity and efficiency, the updated MAR application allows for in-pharmacy printing of MARs in full-color, giving pharmacies the competitive edge they need in the highly competitive LTC/NH pharmacy environment.

Highlights of the enhanced MARs include:

- ♦ Full-color pill images
- ♦ More room for nurses' initials
- ♦ Portrait and landscape designs
- ♦ Ability for pharmacies to assign their own color scheme
- ♦ An intuitive auto-scaling feature that allows for the largest font size possible for the SIG and other fields, making the forms much easier for nursing home staff to read

About SRS Pharmacy Systems

An integrated Pharmacy Management software and systems provider servicing customers throughout the United States, SRS develops solutions that encompass the needs of retail pharmacy. Key modules include e-prescribing, POS w/IIAS, electronic signature capture, HIPAA, IVR, internet refills, EDI inventory, Visa/MC/debit/credit card processing, MARs, A/R, and thermal/laser printing. Services include web security, off-site backup, EFT payroll, health insurance, facility insurance and retirement benefits. SRS internally develops, supports and services all hardware, systems and software, allowing pharmacies to focus on their primary business while SRS manages their IT functions. SRS customers have just one phone number to call for their pharmacy, business, and IT needs. One System, One Vendor, One Call.
